

## **Publications by Mr K. G. Higgins**

**HIGGINS, K. G. (1983)** Diaphragm Walling, Associated Ground Movements and Analysis of Construction. *M. Sc. Thesis*, University of London.

**MAIR, R. J., TAYLOR, R. N., HIGGINS, K. G. & POTTS, D. M. (1988)** Preliminary analysis of construction of the test drift in Boom clay at Mol using plasticity solutions and finite elements. *Proc. of CEC Technical Session*, Brussels, 1988, ed: B. Come, CEC Directorate-General Science, Research and Development, Report EUR 12027 EN/FR, pp 127-139.

**HIGGINS, K. G., POTTS, D. M. & SYMONS, I. F. (1989)** Comparison of predicted and measured performance of the retaining walls of the Bell Common Tunnel. *TRL Contractors Report 124*, Transport Research Laboratory, Crowthorne, 1989.

**HARRIS, D. I., HIGHT, D. W., HIGGINS, K. G., POTTS, D. M. & BRADY, K. C. (1992)** Finite element analysis of anchored earth retaining walls. *Proceedings of the Conference on Retaining Structures*, Cambridge. Thomas Telford, London, 1992, pp 599-608.

**HIGGINS, K. G., POTTS, D. M. & SYMONS, I. F. (1992)** The use of laboratory derived soil parameters for the prediction of retaining wall behaviour. *Proceedings of the Conference on Retaining Structures*, Cambridge. Thomas Telford, London, 1992, pp 92-101.

**HIGHT, D. W., HIGGINS, K. G., JARDINE, R. J., POTTS, D. M., PICKLES, A. R., DE MOOR, E. K. & NYIREND, Z. M. (1993)** Predicted and measured tunnel distortions associated with construction of Waterloo International Terminal. *Proceedings of the Wroth Memorial Symposium*, Oxford. Thomas Telford, London, pp 317-338.

**ST JOHN, H. D., POTTS, D. M., JARDINE, R. J. & HIGGINS, K. G. (1993)** Prediction and performance of ground response due to construction of a deep basement at 60 Victoria Embankment. *Proceedings of the Wroth Memorial Symposium*, Oxford. Thomas Telford, London, pp 581-608.

**HIGHT, D. W. & HIGGINS, K. G. (1994)** An approach to the prediction of ground movements in engineering practice: background and application. Keynote Lecture, *Proceedings of International Symposium of Pre-failure Deformation Characteristics of Geomaterials*, Hokkaido, Sapporo, Japan, Balkema.

**HIGGINS, K. G., FERNIE, R. & POTTS, D. M. (1995)** Discussion on Watson, G. V. R. and Carder, D. R. Comparison of the measured and computed performance of a propped bored pile retaining wall at Walthamstow. *Proceedings of the Institution of Civil Engineers, Geotechnical Engineering*, 1995, Vol. 113, Issue 1, Jan, pp 58-59.

GEOTECHNICAL CONSULTING GROUP

52A Cromwell Road London SW7 5BE United Kingdom  
Tel: +44 (0)20-7581-8348 Fax: +44 (0)20-7584-0157 Email:admin@gcg.co.uk

**ST JOHN, H. D., HIGGINS, K. G. & POTTS, D. M. (1995)** Discussion on De Moor, E. K. An analysis of bored pile/diaphragm wall installation effects. *Geotechnique*, Vol 45, No 4, Dec, pp 753-755.

**FERNIE, R., KINGSTON, P. J., ST JOHN, H. D., HIGGINS, K. G. & POTTS, D. M. (1996)** Case history of a "Stepped Box" excavation in soft ground at the sea front, Langley Point, *Eastbourne. Proceedings of the International Symposium on Geotechnical Aspects of Underground Construction in Soft Ground*, City University, London, Balkema, pp 123-129.

**KOVACEVIC, N., EDMONDS, H. E., MAIR, R. J., HIGGINS, K. G. & POTTS, D. M. (1996)** Numerical modelling of the NATM and compensation grouting trial at Redcross Way. *Proceedings of the International Symposium on Geotechnical Aspects of Underground Construction in Soft Ground*, City University, London, Balkema, pp 553-559.

**HIGGINS, K. G., POTTS D. M. & MAIR, R. J. (1996)** Numerical modelling of the influence of the Westminster Station excavation on the Big Ben clock tower. *Proceedings of the International Symposium on Geotechnical Aspects of Underground Construction in Soft Ground*, City University, London, Balkema, pp 525-530.

**HIGGINS, K. G., HIGHT, D. W., MAIR, R. J., POTTS, D. M. & JARDINE, R. J. (1996)** Discussion: Comments on the use of non-linear elastic stiffness, *Proceedings of the International Symposium on Geotechnical Aspects of Underground Construction in Soft Ground*, City University, London, Balkema, pp 633-634.

**HIGGINS, K. G. & JARDINE, R. J. (1998)** Experience of the use of non-linear pre-failure constitutive soil models. Part 3, *The Geotechnique Symposium in Print "Pre-Failure Deformation Behaviour of Geomaterials"*, Thomas Telford.

**HIGGINS, K. G., FERNIE, R., POTTS, D. M., HOUSTON, C., MAIR, R. J. & ST JOHN, H. D. (1998)** The benefits of using advanced numerical methods throughout the design and construction of a road scheme. *Proceedings of the AGS Seminar "The Value of Geotechnics in Construction"*, Institution of Civil Engineers, 4th November 1998, CRC, pp 101-113.

**HIGGINS, K. G., EDMONDS, H. E., SILVA, D., VAUGHAN, P. R. & PHILPOTT, J. (1999)** Ladbroke Grove Station: Investigations, monitoring and remedial work. *Proceedings of the Institution of Civil Engineers: Transport*, 1999, Vol. 135, Issue 3, Aug, pp 153-161.

**HIGGINS, K. G., KOVACEVIC, N. & POTTS, D. M. (1999)** Use of appropriate soil models in soil structure interaction analyses. *Proceedings of the 2nd International Symposium on Pre-Failure Deformation Characteristics of Geomaterials, IS-Turino '99*, Vol. 1, September 27-29, 1999, Balkema, pp 773-781.

**HIGGINS, K. G., FERNIE, R., POTTS, D. M. & HOUSTON, C. (1999)** The use of numerical methods for the design of base propped retaining walls. *Proceedings of the International Symposium on Geotechnical Aspects of Underground Construction in Soft Ground, IS-Tokyo '99*, Japan, Balkema, pp 511-516.

GEOTECHNICAL CONSULTING GROUP

Tel: +44 (0)20-7581-8348 Fax: +44 (0)20-7584-0157 Email:admin@gcg.co.uk

**HIGGINS, K. G., FERNIE, R., EDMONDS, H. E., & POTTS, D. M. (1999)** A design study for a road tunnel: The effects of construction detail. *Proceedings of the International Symposium on Geotechnical Aspects of Underground Construction in Soft Ground*, IS-Tokyo '99, Japan, Balkema, pp 105-109.

**HIGGINS, K. G., CHUDLEIGH, I., ST JOHN, H. D. & POTTS, D. M. (1999)** An example of a pile tunnel interaction problem. *Proceedings of the International Symposium on Geotechnical Aspects of Underground Construction in Soft Ground*, IS-Tokyo '99, Japan, Balkema, pp 99-103.

**CHUDLEIGH, I., HIGGINS, K. G., ST JOHN, H. D., POTTS, D. M. & SCHROEDER, F. C. (1999)** Pile tunnel interaction problems. *Proceedings of the International Symposium Tunnel Construction and Piling '99*, Olympia, 8th - 10th September 1999, Brintex, pp 172-185.

**HIGGINS, K. G. & HIGHT, D. W. (1999)** The behaviour of engineering structures: Prediction and performance. *Proceedings of the 2nd International Symposium on Pre-Failure Deformation Characteristics of Geomaterials*, IS-Turino '99, Vol. 2, September 27-29, 1999, Balkema.

**CHUDLEIGH, I., HIGGINS, K. G. & PATERSON, J. (2001)** The Effects of Deep Foundations on Adjacent Metro Tunnels. *Proceedings of the International Symposium Underground Construction 2001*, ExCel 18<sup>th</sup> - 20<sup>th</sup> September 2001, Brintex.

**HIGGINS, K. G., PATERSON, J., MORIARTY, J., POTTS, D. M. & JARDINE, R. J. (2001)** The effect of an excavation in a stiff fissured clay on existing tunnels in close proximity. *Proceedings of the International Conference "Response of Buildings to Excavation - Induced Ground Movements"*. Imperial College, London, 17th - 18th July 2001, CIRIA..

**HIGGINS, K. G. (2001)** Prediction of damage to buildings and subsurface structures from open excavations. *Proceedings of the International Conference "Response of Buildings to Excavation - Induced Ground Movements"*. Imperial College, London, 17th - 18th July 2001, CIRIA..

**NUSEIBEH, G. M. HIGGINS, K. G. CABARKAPA, Z. & ZDRAVKOVIC, L. (2005)** A numerical study of the behaviour of 19<sup>th</sup> century brick-lined tunnels in London', *11<sup>th</sup> International Conference of IACMAG*, Torino, Italy, pp. 695-702

**KOVACEVIC, N., HIGGINS, K. G., POTTS, D. M. & VAUGHAN, P. R. (2007)** Undrained behaviour of brecciated Upper Lias Clay at Empingham Dam. *Géotechnique - Symp. in Print on Stiff Clay* – accepted for publication.

**FRANZIUS, J. N., SCHROEDER, F. C., GRAMMATIKOPOULOU, A., CABARKAPA, Z., HIGGINS, K. G. & POTTS, D. M. (2007)** Comparison of different approaches to model compensation grouting. *Proc. 10<sup>th</sup> Int. Conf. on Numerical Models in Geomechanics - NUMOG X*, Rhodes (eds G.N. Pande & S. Pietruszczak), Taylor & Francis Group, pp 359-364

Tel: +44 (0)20-7581-8348 Fax: +44 (0)20-7584-0157 Email:admin@gcg.co.uk

**SCHROEDER, F. C., HIGGINS, K. G., WRIGHT, P. & POTTS, D. M. (2011)**  
Assessment of overbridge openings on the London Underground tunnel network. *Proc. 15<sup>th</sup> Eur. Conf. on Soil Mech. and Geotech. Engng—XV ECSMGE*, pp 1733-1738

**O'BRIEN A., HIGGINS K. G. & HSU Y. S (2013)** Checking and validating numerical software. *Geotechnical issues in construction short paper series and 4<sup>th</sup> conference* held on 7<sup>th</sup> November 2011 at CIRIA London CRIA, X526. RP929. ISBN 978-0-86017-926-9.

**HIGGINS, K. G. (2016)** Thermal Piles. *Geotechnical issues in construction short paper series and 5<sup>th</sup> conference* held on 3<sup>rd</sup> December 2012 at CIRIA London CRIA. X530. RP929. ISBN 978-0-86017-929-0.

**HIGGINS, K. G., SMITH, P. & GASPARRE, A. (2016)** Domestic basements: the need for control & guidance. *Geotechnical issues in construction short paper series and 7<sup>th</sup> conference* held on 2<sup>nd</sup> March 2015 at CIRIA London CRIA. (Awaiting publication).

### Contributions to Books

**HIGGINS, K.G.** Finite Element Analysis in Geotechnical Engineering, Volume 2, Application. Eds Potts and Zdravkovic. Thomas Telford, London.

Chapter 3: Earth Retaining Structures.

Chapter 8: Benchmarking
